

## Brief CV

Name	Li Anhu	Gender	Male	
Title (Pro./Dr.)	Pro. Dr.	Country	China	
University/Department	Tongji University, School of Mechanical Engineering			
Research Area	Visual tracking and measurement technology for industrial robots			
<p>Brief introduction of your research experience: Professor Li Anhu graduated from the Graduate School of the Chinese Academy of Sciences, and now he is a full-time professor at Tongji University. His research interests include visual tracking and detecting technology for industrial robot applications. He has previously completed more than 10 scientific research projects, and currently he is leading two projects under the grants of Natural Science Foundation of China (NSFC). Professor Li has published over 60 research articles in international journals that are peer-reviewed, including Optics Express, Applied Optics, Optics and Laser Technology and Review of Scientific Instruments. He has been awarded over 30 patents in the fields of optical scanning and visual tracking. He has also received 6 scientific awards from the government of People's Republic of China.</p>
